There’s Plenty to do at Camp Cavell!
Explore your environment and learn as you dig for the wreck of a sailing schooner, hunt for Zebra Mussel, or explore the canopy in technical tree climbing. Kayak Lake Huron!

Beautiful Facility!
Located on 1800 feet of Lake Huron shoreline in the thumb of Michigan. We are just 90 miles north of Detroit, or just 25 miles north of Port Huron in Lexington, Michigan. We have 55 acres of wooded and open land with two streams, lots of trails, and a pond to explore!

Why Come to Camp?
We believe "CAMP" is a special place that truly brings people together! It immerses them in nature! It challenges them to learn independence and gain self esteem! It is a safe place to learn, to grow, and have fun!

Our Staff can Help!
We will assist you in putting together an experience that fits your needs and BUDGET! We can provide assistance in finding resources, program ideas, registration material, and more!

Stream Exploration!
Camp Cavell is very Economical
Groups choose camp experiences year after year because of the incredible benefits their participants receive for every dollar spent. It is one of the best deals on the market! We are able to keep prices low with help from participants like you!
• Campers are involved in “Help us be Green” programs by not wasting food and energy!
• Groups help us save on cleaning cost by leaving camp in good order.
• Volunteers help at volunteer weekends to open and close camp and do general repairs! With all of this help we can provide a great experience for at great value!

We Can Accommodate You...

Camp has some exciting programs and challenges waiting for you! Please check with the camp office for availability of the program ahead of time. A trained instructor will teach the programs and all participants must follow the Camp Cavell Safety Policies for that activity.

Your group’s leadership must provide an adult per 10 kids at each activity and they are responsible for the participant’s behavior. For a program to be offered we ask that you must pay for a minimum of 10 people at any activity.

**Archery**
Try your hand at Archery! It is offered all season for ages 7 and up. We provide a trained instructor who will give basic instruction and a safety orientation. The archery range is located at the north end of the dining hall. One Hour.

**Arts & Craft**
Our staff is happy to provide creative Arts & Craft activities for your group. We have many projects that can fit any age level, children and adults alike. Some of our most popular projects last year were beach shale necklaces, tetrahedral kites, leather craft, printing, bead animals, dream catchers, and picture frames. You can contact our Arts & Craft Director for more projects! One hour.

**Great Lakes Session**
Our Great Lakes Session is a walk and talk on the Great Lakes. We take about 15 minutes for an orientation and then spend the rest of the hour looking for treasures along the shore. We cover topics such as fossil identification, how sand is formed, beach mechanics, lake formation, zebra mussel invasion, mining for iron ore in the sand, and much more. Plastic bags for collecting provided. One hour.

**Woodshop**
A great place to create a wood project, it is open to ages 7 and up. Projects last year for the younger crowd included pencil holders, cutout flowers, and rubber band paddle boats. Projects for older kids and adults included birdhouses, clocks, and jewelry boxes. See our Woodshop Instructor for more ideas! One and a half hours best.

**Technical Tree Climbing**
This activity is an exciting program open to adults and children (7 years and up). Climbers use arborist safety equipment that includes a rope system and harness to work their way up a tree. We climb up to 35 feet up in our beech trees. Kids get to climb up to twice their age in feet (12 year old and up go to the top if they wish). Most beginners spend about 30 minutes actually in the air climbing, but classes run one hour.

**Hayride**
Our hayride takes you for an enjoyable tour out into the rural community for a 30-50 minute ride. It can hold up to 25 people and has straw bales to sit on. We ask that you do not throw hay along the way; it gets in the eyes of the people at the back of the wagon. When the wagon returns people who do not like hay fights disembark and then the rest of the gang has a supervised hay fight. Singing is required. Generally an hour long.

Group Initiatives & Cooperative Activities
These activities are goal orientated and are used to develop an aspect of group dynamics such as cooperation, team building, communication, problem solving, etc. This activity is open to any age. During the session, the group is first given an orientation, then they are given a challenge that the group as a whole must overcome. Each activity is processed at the end to bring out valuable lessons learned during the interaction in the group. One to two hours depending on program choice and fee.

Boating
Kayaking and canoeing are offered from the late spring to early fall. Ages for boating are 10 years old and up. If the lake is too rough, we can transport the boats into the local town of Croswell about 7 miles inland and paddle on a slow open river/pond. The kayaks we use are Old Town Loons and are special kayaks that are very stable for the beginning kayaker. We can do introductory lessons and we will go over boating safety to help ensure that no one tips. Everyone must wear a life preserver and stay near the lifeguard. One to two hours depending on program choice and fee.

Horseback Riding
Horseback riding is available from Memorial Day to Labor Day. Ages for riding are 7 and up. We ride English style in a riding ring. Participants who are new to riding can be led until they, the horse, and the staff feel comfortable with their riding experience. We provide riding helmets that must be worn and everyone must follow the camp riding policies. Riders will not be allowed to ride without long pants and sturdy shoes. A sample ride lasts about 10 minutes, but you will be at the equestrian area for 1/2 to 1 hour. Sometimes we have room for actual riding lessons, call to make arrangements. Our riding schedule fills quickly so contact us for availability.

Educational & Nature Programs
Use the camp environment to learn more about our world. We can offer programs that help relate science, reading, writing, math, physical education, and other areas to the natural world we live in. Sessions are always geared toward learning using a fun, hands on approach. With a diverse property that includes the lake shore, open meadows, young and old growth forest, two streams and a turtle pond, we are able to offer a variety of sessions at the same time. One hour.

Samples of MEAP questions...

At a Glance

The Camp is Owned and Operated by...
the Camp Cavell Conservancy which was formed in 2013. The purpose of the Camp Cavell Conservancy is to conserve and provide stewardship for the property, to create educational experiences and programs for individuals and groups, and to provide facilities for the Metropolitan Detroit YWCA Camping Programs.

Camp Cavell is a three season camp...
and has served its communities for over 98 years! We are located in Lexington, Michigan on 55 acres of richly wooded land with open meadows, two sparkling streams, and 1800 feet of beautiful Lake Huron shoreline.

We also provide space for YWCA programs that include...
Fun Family Weekends, Women’s Getaway Weekends, Children’s Great Summer Camp, and a Summer Day Camp. Activities include: waterfront, crafts, archery, horseback riding, group challenge initiatives, kayaking, backpacking, technical tree climbing, and lots more!

We also serve over 30 community groups & organizations...
who utilize both our programming and our site each year. Organizations who utilize our services include the Muscular Dystrophy Association, Champs for Life (at risk children in foster care), City Year, BuildOn, Henry Ford Stroke Survivors, Schools, Churches, Girl Scouts, ARC, Interim House (a women’s shelter) and many more.

We work with a unique mix of children and adults...
from very different economic and social backgrounds. A number of the children we serve are from economically depressed areas, have a disability, or are “at risk” in some way. We feel strongly that all children need to be exposed to the new challenges and unique growth opportunities that are easily found when they are totally immersed in the camp environment.

Altogether we serve over 3000 people a year...
for an incredible average of 48 contact hours each. That is over 144,000 people contact hours a year! We feel strongly that with this amount of time camp can truly make a difference in people’s lives. It is a special place like no other. It undeniably creates community, trust, and the compassion that our world sorely needs.

Thank you for your interest!

Jill Laidlaw
Executive Director
