Dear Camp Cavell Friends,

We would like you to know that we are presently continuing with our plans for the 2020 camp season while closely monitoring the Coronavirus situation. At this point with our camp season months away, we feel we have time to assess the situation as it unfolds. Our staff will continue their plans for an amazing program with the hopes and belief that the efforts that are being made now will make it possible.

Currently, all our 2020 programs are still on track! In order to help you register with confidence, we have updated our registration guidelines. In the event, you need to cancel or camp cancels a program due to illness or circumstances related to Covid-19, you will receive full credit for any payments you have made for future use in any Camp Cavell Program. We are still moving forward with our plans for volunteer work weekends. There is plenty of outdoor work and room in our facilities to keep people to people contact at a minimum.

If you are coming to camp as part of a community group, field trip, reunion or church retreat, please contact your group coordinator for updated plans regarding your event.

We are in communication with the American Camp Association, the Camp Nurse Association, and the public health authorities as additional Coronavirus guidelines are provided. We are actively examining our arrival screenings, health response procedures, and cleaning procedures, ensuring that we meet or exceed recommended standards.

Camps have always taken great care to develop and maintain medical practices to address a variety of communicable diseases, both common and rare. We hope you can feel confident in our preparedness.

We are committed to keeping you updated on any changes in our plans, policies, or procedures. If you have any questions or concerns, you are welcome to contact me at (810)359-2267 or email jill@campcavell.org.

Thank you for your continued support and belief in the good Camp Cavell can do! We are thinking positively and looking forward to an amazing season!

Stay well!
Jill Laidlaw

Executive Director

P.S. Look for the positives in every situation in life!

- This can be an opportunity to spend quality time with your those in your home, (dust off the board games!)
- It is a good time to stop and reflect on what is important to you.
- You can do a deep clean of your house and be ready for spring and fresh air!
- Stop and Skype with friends and family; reconnect with someone from your past.
- You can be the calming force when people are worried.
- It is an opportunity to help others. Ask friends in need how you can help.

Remember: Overcoming challenges brings us closer and teaches us the importance of community and compassion!
